SEVERE DUTY

BUSINESS CLASS® M2 106V SEVERE DUTY VOCATIONAL

TOUGH JOB? BRING IT ON.

Refuse collection, snow plowing, crane and utility operations, fire or emergency—Freightliner's Business Class® M2 106V is designed to tackle vocational applications that require a front engine PTO and/or front frame extensions. With standard front frame rail extensions in 6" or 24" lengths, the M2 has a rock solid mounting point for hydraulic pumps, winches, front stabilizers and snowplows.

For more demanding jobs, the Business Class M2 106V is available with front suspension ratings up to 20,000 lbs. and single or dual steering gears. The standard Cummins ISC engine provides up to 380 hp. Add to that a tight wheel cut and rugged aluminum cab to maximize payload, and the Business Class M2 106V is the perfect solution for specialized applications and tough jobs.
