ED TRANSPORTATION

Secured transportation requires custom equipment. From work details to transfer at maximum security levels, Blue Bird offers a model and size custom designed to your specifications.

Window Options

Porthole, split sash, Shurgard™ and covered window options are available to suit your transportation needs.

Multiple Seating Options

A variety of seat plans and configurations are available, including vinyl and fiberglass bench seating, offering optimal flexibility to meet specific customer needs.

Blue Bird Shurgard™ Metal

Blue Bird's exclusive Shurgard™ metal punch is 75% stronger than typical expanded metal, which is perfect for partitions and prevention of vandalism to interior parts.

Video Surveillance and Security

Optional video cameras and alarm systems offer additional security while transporting inmates.

Air Conditioning Systems

Blue Bird's integrated air conditioning systems are available for maintaining passenger compartment temperatures with maximum efficiency.

Security Covers

Protect the interior parts of the bus from vandalism with durable metal security covers. Available for interior dome lights, speakers, roof hatches and more.

Optional Blind-Rear

The rear of the bus can be equipped with metal covering the windows and doors, adding extra security.

Storage Compartments

Storage compartments can be added to the interior or undercarriage of the bus.

"We continue to be impressed with Blue Bird and the value, quality and reliability of the buses they make for the Georgia Department of Corrections. Blue Bird provides our department with a secure method of transportation which is of the utmost importance to our mission of protecting our staff, offenders, and the public."

**- Brian Owens
Former Commissioner
Georgia Department of Corrections**

Blue Bird Security Bus Options
