

# School Bus Brake Pad Applications

## Type "A" Buses

ENVIRONMENTALLY FRIENDLY FRICTION.

### PFC ANTI-CORROSION BRAKE PADS

PFC Anti-Corrosion Pad Technology prevents rust, peeling, and corrosion, enabling our pads to last up to 6 times longer than the competition. As seen in this test\*, PFC pads elude the effects of mother nature and the most common man-made deicing agents. \*All .12 and .13 part numbers are PFC Anti-Corrosion

\*GM9540P Accelerated Corrosion testing cycles

### Type A School Bus Application Guide

Make	Year	FRONT PADS	REAR PADS
<b>CHEVROLET / GMC</b>			
Express/Savana 2500	2003 - 2018	0784.12*	0974.12*
Express/Savana 3500			
<i>Single Rear Wheel</i>	2003 - 2018	0784.12*	0974.12*
<i>Dual Rear Wheel</i>	2003 - 2008	0784.12*	0989.20
<i>Dual Rear Wheel</i>	2009 - 2018	0784.12*	1411.12*
Express 4500	2009 - 2018	0784.12*	1411.12*
<b>DODGE</b>
